**GENRE**

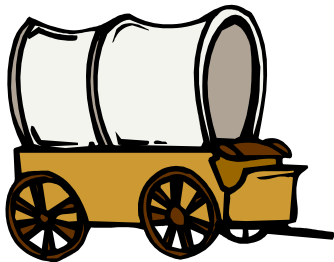

**HISTORICAL  
FICTION**

*Historical fiction is a  
kind of realistic fiction.*

...it is an invented  
story based on a  
historical event.

...the time and  
place of the setting  
are real and are  
portrayed  
authentically.

...some characters  
may also be  
historical figures.

Historical fiction may portray real  
people in invented situations or  
invented people in historical set-  
tings.
